Willow Creek Star Art reimaged

Layla Hart set to wow the crowds in Stonehill Falls

One of our own is crushing her goals and making huge strides in her career. Layla Hart will be featured in a private art show this month for the very first time.

Lyla is a native of Willow Creek and has shown a passion for art since her elementary days. Some of you might remember her winning the sixth grade art show with her depiction of our very own Main Street in the fall. Her piece made it all the way to states where she won second place.

Lyla now incorporates both photo-realism and realism in her portfolio with the occasional impressionism thrown in. Her art show in the city

will primarily showcase her photo-realism pieces featuring our very own Willow Creek residents in their everyday life.

Details for the show are as follows:

Alla Prima Gallery
1350 Main Street
Stonehill Falls, TX 75983

The show is open to the public and all Willow Creek residents are encouraged to attend and show your support for Lyla.
